HEALTH DISPARITIES

INTRODUCTION: The goal of our website is to use data to check up on veterans

We will do this by collaborating with other third-party companies to receive their data from trusted sources.

PERSONAS:

A veteran name John Doe is a 28-year-old that was in active duty

Active Duty: Until Retirement

Veterans: Age 21 & 28 – Average military will be active for four years

DATA & ANALYTICS

DATA PARTNERSHIP

Data 1 – Pre-Veteran (active duty)

- Collect general health data

Data 2 – Transition Veteran

- Collect general health data
- Transition/Career goals

Data 3 – Current Veteran

- Collect data on medical visits
- Collect date on educational milestones via GI BILL requests, and other education benefits

Analytics: Information auto updates from data partnership sources. If a veterans has not updated the system, it will prompt an alert to check on the veteran.

6 months: Prompt a system check
